IN MEMORY

Fredrick Donald (Don) Norvelle went home to be with his Lord and Savior Jesus Christ on January 16, 2013. Don Norvelle was born March 17, 1938 in Moran, Texas to Johnnie Beatrice Herring Norvelle and Fredrick Leon Norvelle. On June 17, 1958 he married his high school sweetheart, Evelyn Maxwell. Don came to Stillwater to be the Assistant Director of the Fluid Power Research Center. The move to Stillwater was his 19th move in 21 years. Later on, Don began teaching classes in the Mechanical Power Technology Department at Oklahoma State University. During his teaching years he wrote two textbooks for his classes. When Don retired from the University, he had more time for his hobbies: music, long distance bicycling, traveling, and chip carving.

2013 "90 PLUS CLUB CELEBRATION"

Last year, under the guidance of Jo Ann Seamans, a new group was begun for Emeriti members who have reached the age of 90. A party was planned and a grand celebration took place during one of the First Monday Night dinners. The honorees and their guests were seated together at the party tables and birthday gifts were presented as they were each recognized.

This year we would like to continue this celebration by adding those who have their 90th birthday anytime in 2013. A party for these new members will be in April at the First Monday Night dinner and we need help in finding these special members.

If you know of an Emeriti member who will turn 90 during 2013, please share that information with Sharon Brown or Adeana Sallee as soon as possible.

For those who are already a member of the "90 Plus Club", we hope you too will come to the April dinner to be recognized.
