UPDATE

The mission of the OSU Emeriti Association is to provide programs and activities that contribute to the ongoing educational and interpersonal interests of retirees and provide continued interaction with the University and University affairs.

The Armchair Traveler Series

A new component was recently added to Making the Most of Retirement programming: The Armchair Traveler series. This component includes presentations made by individuals who have traveled to interesting places and have slides they wish to share with others. If the slides are in an electronic format, they can be easily moved into a PowerPoint presentation to facilitate their viewing. Zane Quible (zquible@okstate.edu) can do that for you if you e-mail the slides to him. Slides that show cultural aspects and scenery are preferable to those that focus primarily on one's traveling companions.

Technology Interest

The Technology Interest Group will meet Wednesday, December 9, at 1:30 pm in the ITLE Building on campus. Dr. Mayfield will help us learn the pros and cons of the most common browsers for our home computers (Firefox, Chrome, Safari, Internet Explorer). If time allows, Blayne will also cover shopping apps. All Emeriti members are welcome.
