An Invitation to All,

I know that most of you have not served as Ambassador greeters for the Alumni Association at Home Football Games, so I thought I would let you know of the opportunity in case you wish to do so. Betty and I served in this capacity this past weekend.

They need two people per game, one to sit at the information desk and answer questions and another to stand near the west doors to greet people and hand out the building schedule for the activities in and around the Alumni Center. This person also helps with crowd control when Bullet is brought to the East lawn for picture taking opportunities, usually 90 minutes to 2 hours before the game start time. Bullet is only present for about 30 minutes, so the total time doing this is about an hour. The presence of Bullet is dependent on weather.

Homecoming will be the next home game on Saturday October 14th. Betty and I will be out of town so I need to find two people for this day. The remaining home games are on November 4th with OU, November 18th with KSU and November 25th with KU. The Alumni Center will not be open if any games are at 11:00 am.

The Alumni Center provides parking in the 4th Street Parking Garage. Please contact me if you are interested and I will provide details.

Thanks, Russ Wright

The October 18th program (1:30 – 2:30, 3rd Floor Reception Area, Stillwater Public Library) features another presentation in the armchair traveler series. According to Stanley E. Grogg, it was the cruise of a lifetime. OSU Emeriti Association members Stan and Barbara Grogg will be presenting the program with Doug and Dinah Fuller.

Come see the highlights of the cruise from Cape Town, South Africa to Singapore.

We will show and discuss the numerous stops along the cruise, including Coastal South Africa, Mozambique, Madagascar, Tanzania, Kenya, Seychelles, Maldives, Sri Lanka, Thailand, Malaysia and Singapore. See parts of the different religions including the Big Budda. Many animals are found only in certain parts of the world, such as the Lemurs. We will finish in the “Clean and Green” country of Singapore.

Have you ever been in a real pirate area? Learn how a cruise ship prepares the passengers for unexpected happenings.

In one hour, you will see fascinating parts of the world, guaranteed.

Thanks, Russ Wright
